

# Making a difference...

## ...establishing a new parent carer forum

**Bromley Council and NHS South East London Integrated Care Board (Bromley) are seeking to establish a new parent carer forum to support and partner with us in our strategic programme.**

We would like to invite any parent carers who would be interested in joining this forum to join us at an information event in partnership with the National Network of Parent Carer Forums.

### Our approach

We want all children and young people who have special educational needs and disabilities (SEND) in Bromley and their families to feel valued, empowered and included in their communities. This includes working openly and collaboratively with children, young people and their families to support and guide them through their education and care pathways to achieve strong outcomes and become independent adults.

Effective engagement with parents, children and young people and all partners is central to the delivery of better outcomes and remains one of our strategic priorities. We continue to work with all parent carer networks in the borough and are currently reviewing our parent carer engagement model to ensure that we are engaging with as many parent carers as possible.

### Attend our meeting

**Thursday 8th December 2022**

**11am to 1pm** with a light lunch provided

**The Meeting Room, Community House, South Street, Bromley BR1 1RH**
