Bring Yourself Day 2024

Last week, as part of a whole school wow day; pupils and staff were invited to bring in special items to reflect who they are. We were treated to lots of home made cooking from staff and families who shared dishes from around the world. We heard family stories and traditions and had so much fun learning more about each other. At Riverside School, we believe that it is only when everyone feels comfortable and confident to bring their whole selves, that we truly benefit from everyone's unique backgrounds and perspectives.

Thank you for sharing so much of you and your family with us all.
